

# COMPANY PRESENTATION

2024

STREAK

# ABOUT US

Founded in September 2002 in Figueira da Foz (Portugal), STREAK - Automation Engineering is a technological partner dedicated to industrial automation solutions, process control, and quality.

*Transforming problems into powerful solutions*

A photograph of an airplane wing extending from the left side of the frame towards the center. The wing is white with visible rivets and structural details. The background is a dramatic sky at sunset or sunrise, with a bright orange and yellow glow on the horizon and deep blue clouds above and below. The overall mood is one of innovation and forward movement.

# A JOURNEY OF INNOVATION

MORE THAN 20 YEARS OF EXPERIENCE

STREAK  
Foundation

Software development

2002

2007

- First quality control vision system
- Internationalization

2008

- Start of hardware development
- New facilities

2010

Inspection machines for  
automotive components  
industry

Machine retrofitting

2011

Single Piece Traceability  
(BMW Project)

2013

New facilities

2019

2020

STREAK UV Solutions

2021

Recognition Diploma by the  
Municipality of Figueira da Foz

2022

STREAK X-Ray Solutions

2023

- Certification SGS
- Award Inovadora COTEC 23
- First AGV STREAK
- First Automated x-ray inspection system

PRESENT

# OUR NUMBERS

**+ 675** PROJECTS

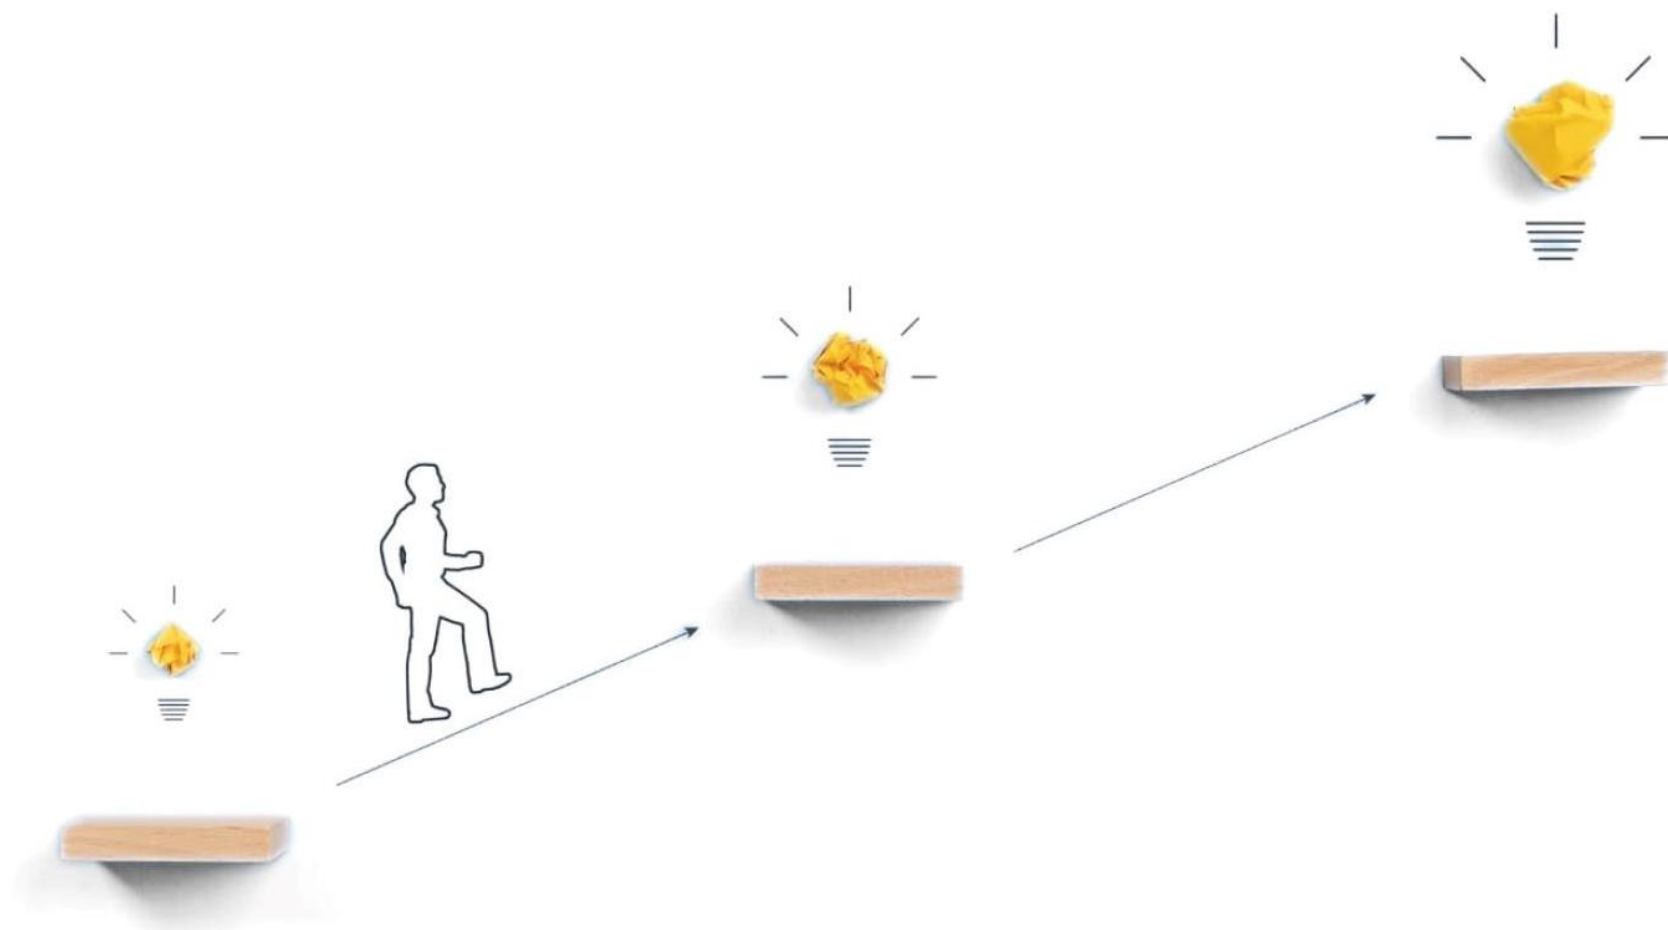

**+ 35** SPECIALISTS

**+ 15** AWARDS & CERTIFICATES

**+ 97%** SAFISFACTION

## OUR VISION

To be recognized as a strategic partner in integrating technology through our **expertise**, developing **innovative**, **complex**, **tailor-made solutions** for our clients.

## OUR MISSION

To meet market needs with **cutting-edge technology** by offering innovative, **efficient**, and **high-quality solutions** that **create value** for the customer.

# OUR VALUES

## CUSTOMER SUCCESS

Our growth comes from the satisfaction and achievements of our clients.

## KNOWLEDGE

Continuous learning and expertise empower us to innovate, solve problems effectively, and deliver the best possible solutions to our customers.

## TEAMWORK

Collaboration drives greater creativity, efficiency and success.

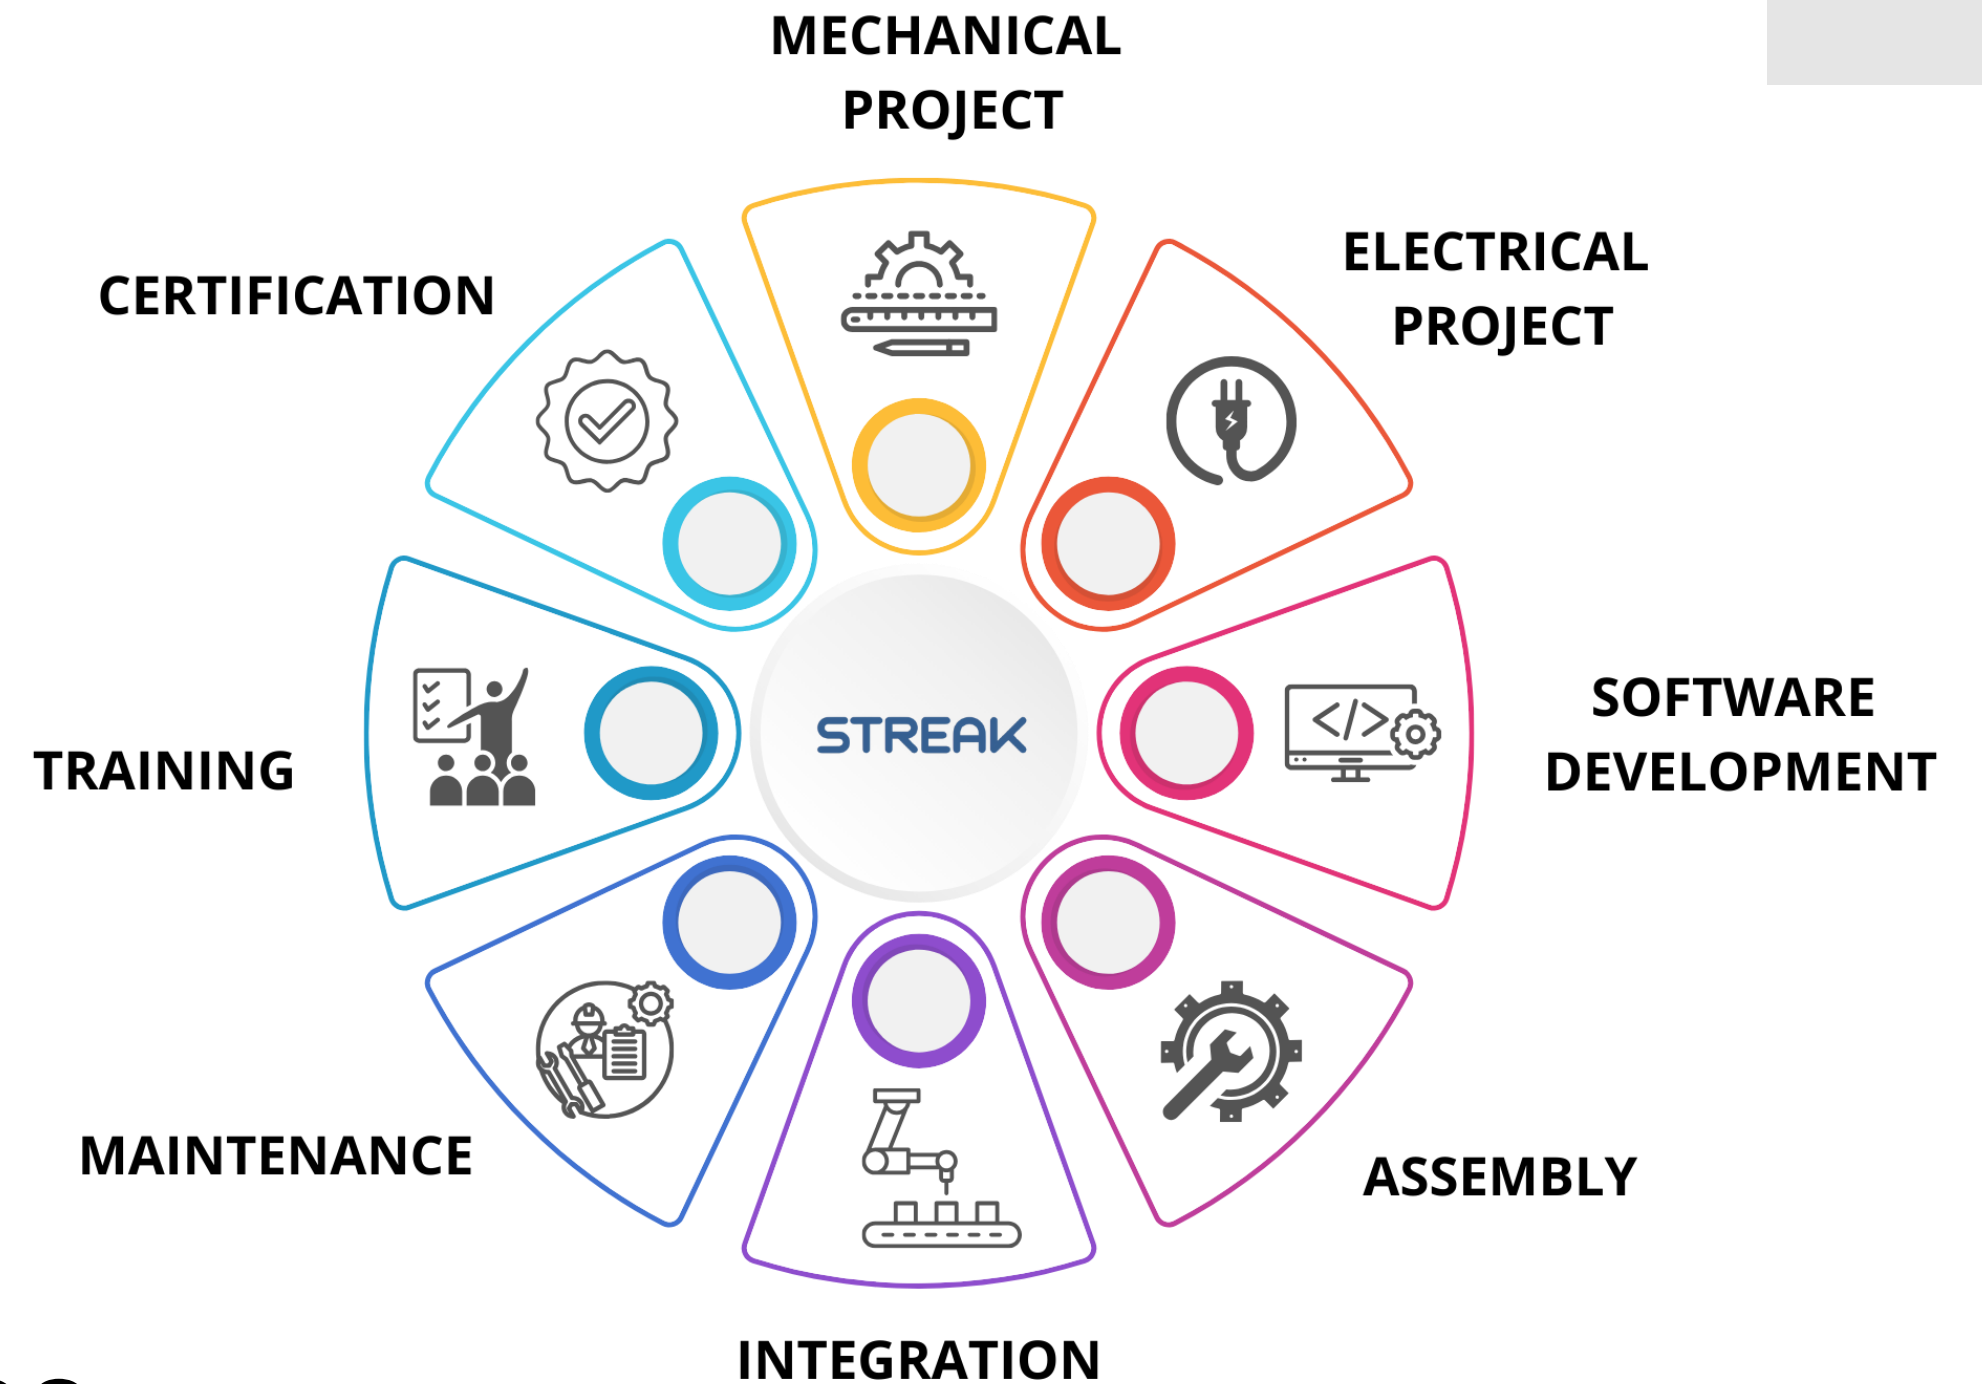

## TRANSPARENCY

Open communication builds trust, fosters accountability, and strengthens relationship.

WE OFFER

# COMPLETE SOLUTIONS

AND SUPPORT  
DURING THE ENTIRE PROCESS

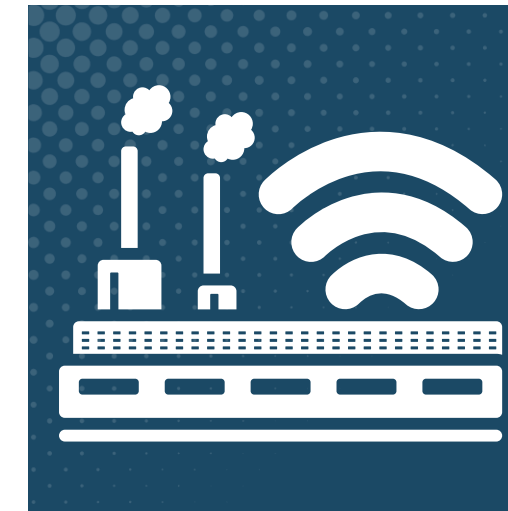

# AREAS OF EXPERTISE

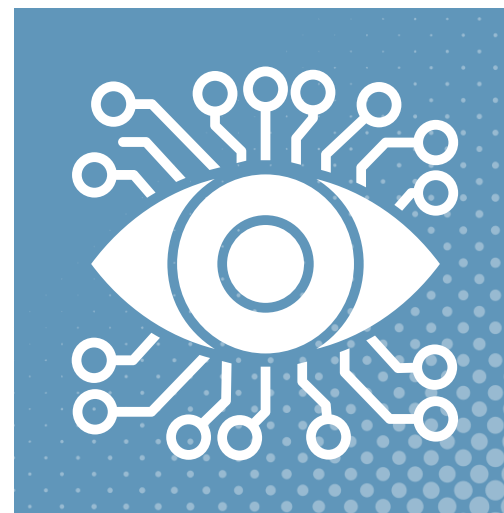

AUTOMATION  
AND CONTROL

SUPERVISION  
AND MONITORING

EQUIPMENT  
RETROFITTING

MACHINE VISION  
SYSTEMS

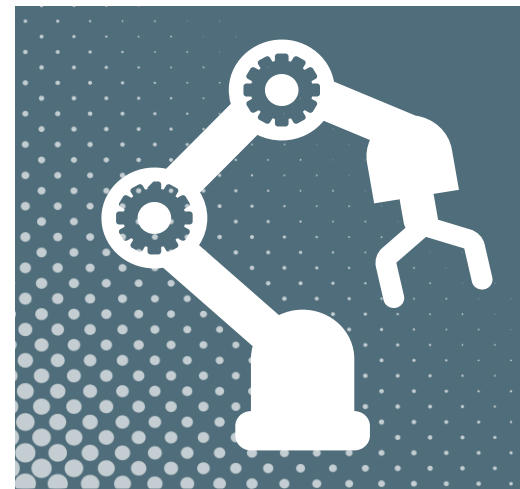

X-RAY  
INSPECTION

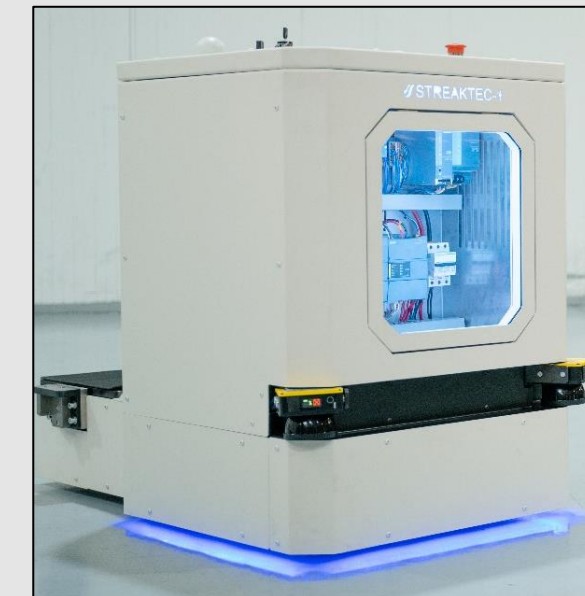

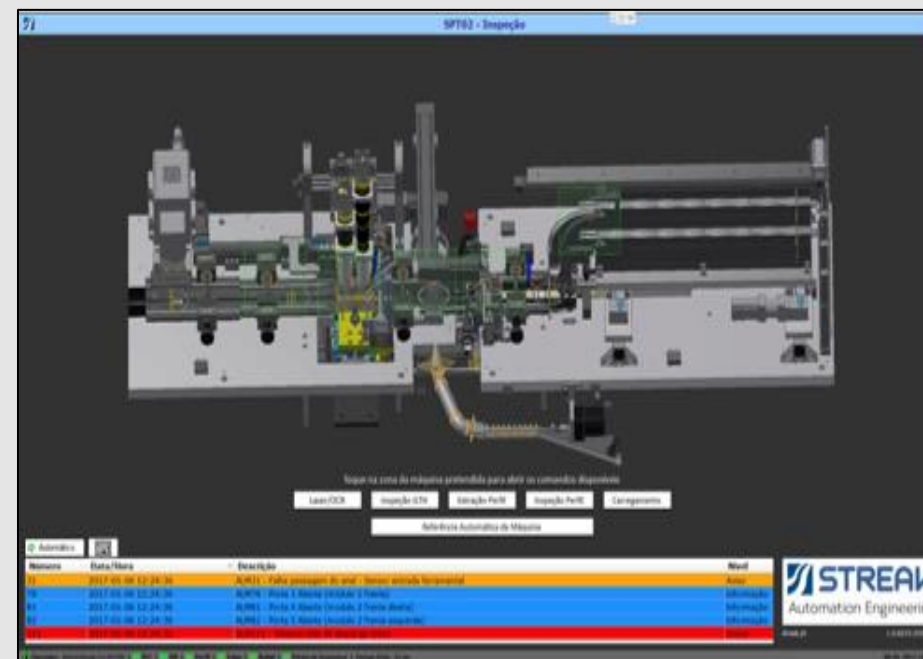

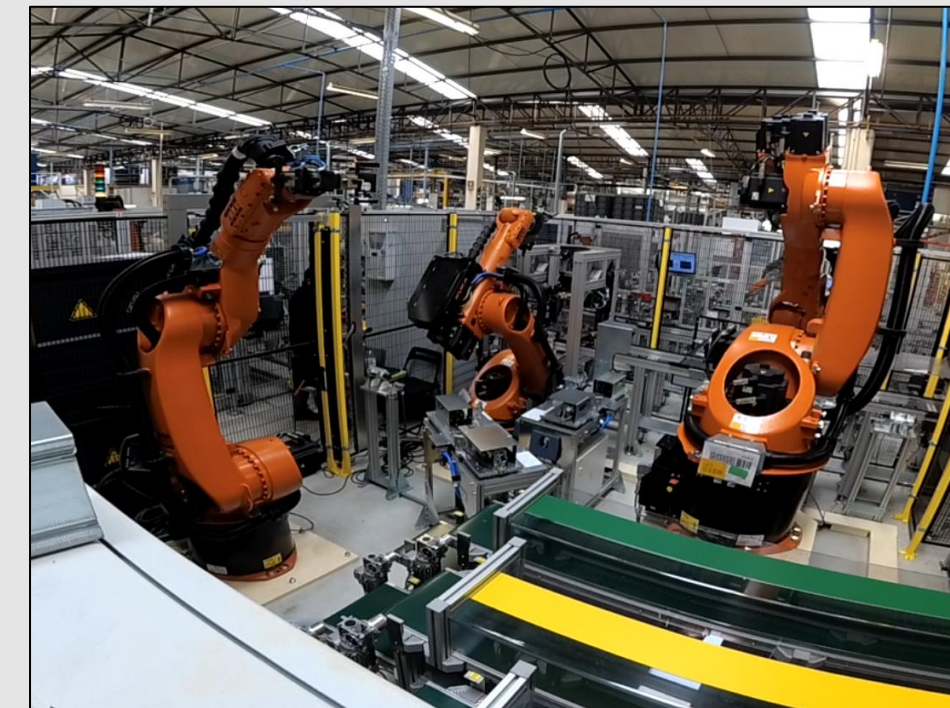

ULTRAVIOLET  
SOLUTIONS

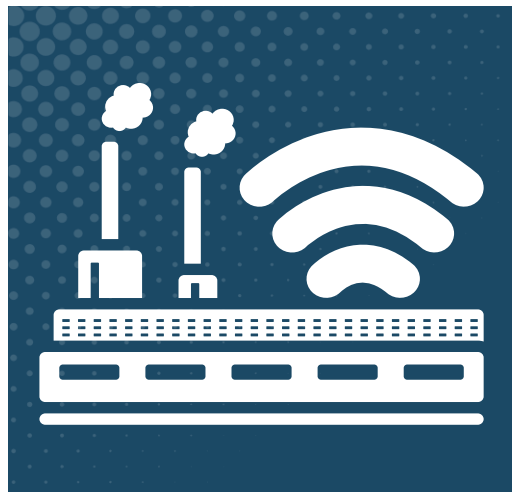

# AUTOMATION AND CONTROL

- Robotic manipulation
- Motion control
- SCADA and HMI
- RFID and RTLS systems
- Automated Guided Vehicles

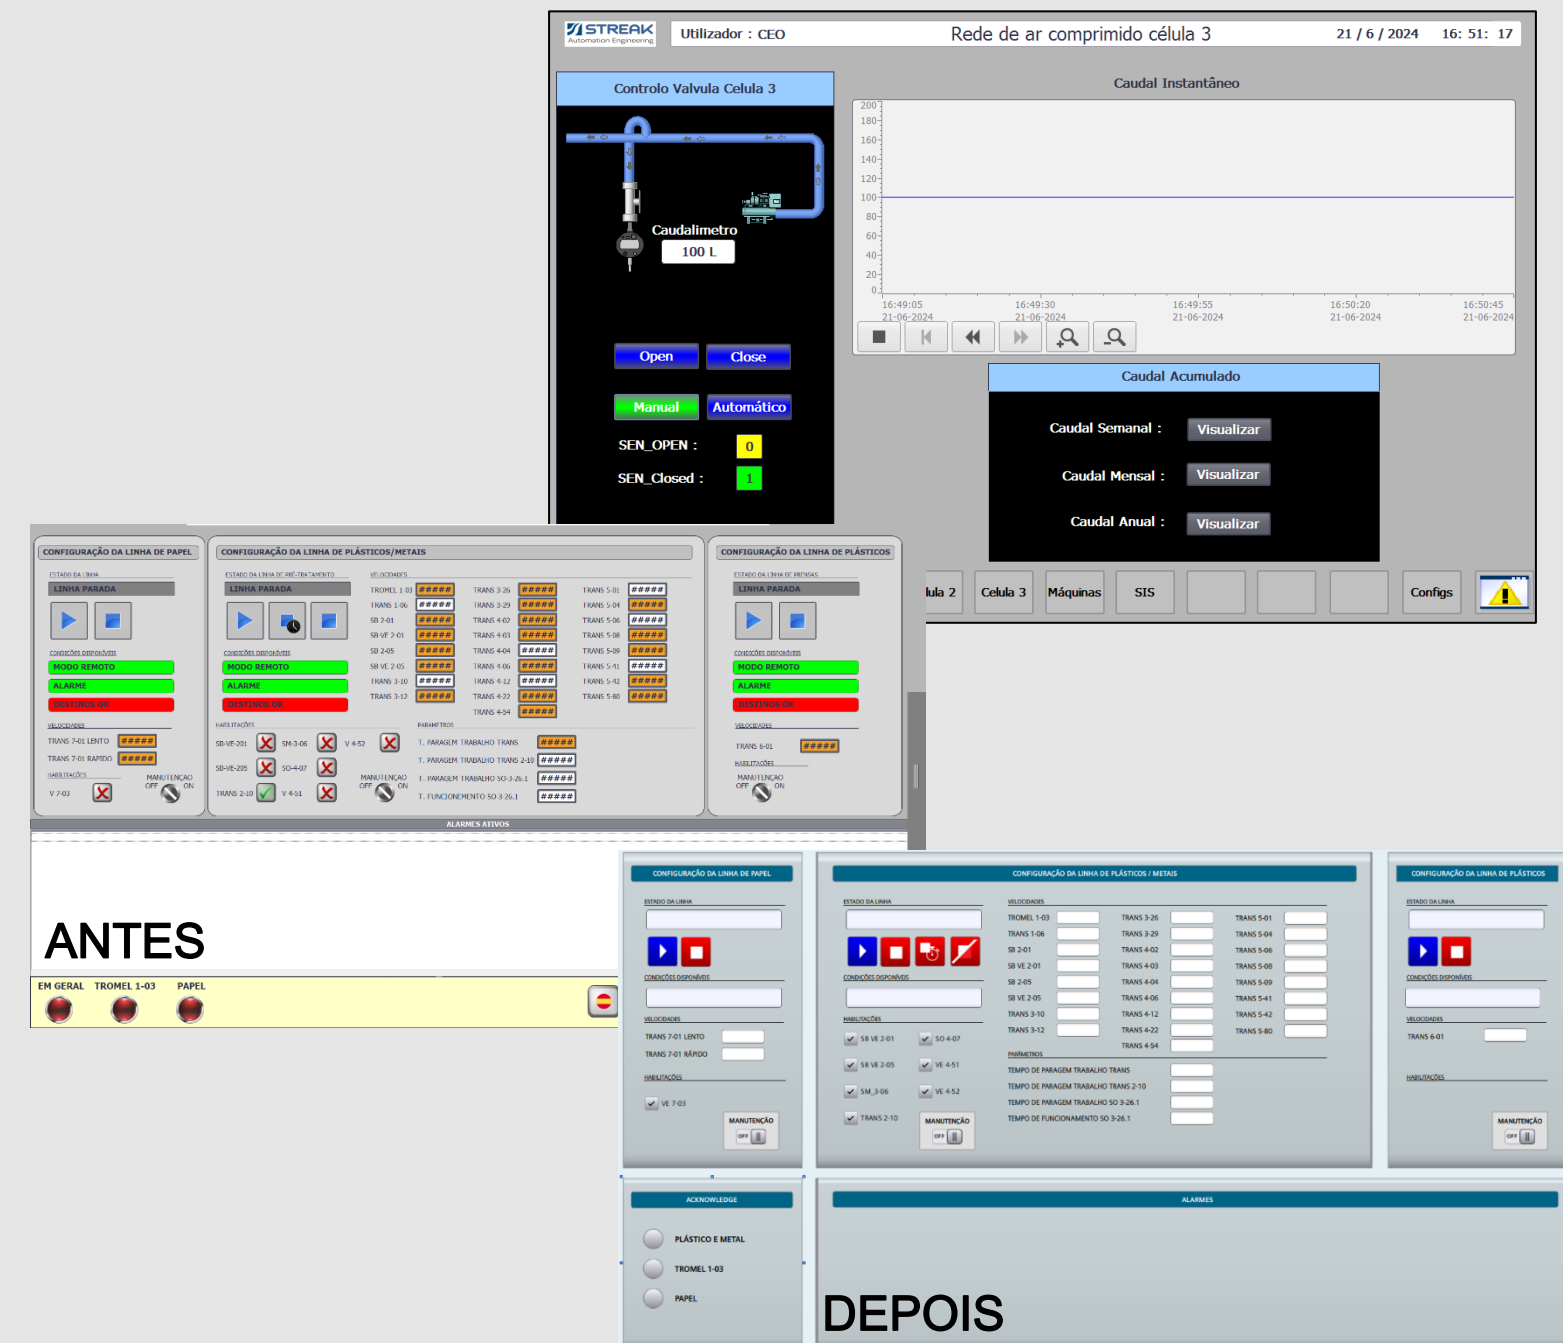

# SUPERVISION AND MONITORING

- Access via web platform
- Data acquisition systems
- Industrial control management
- SCADA retrofitting

# RETROFITTING

- Substitution of obsolete parts
- Update of safety devices
- Upgrade of automation systems
- Enhancement of machine performance

ANTES

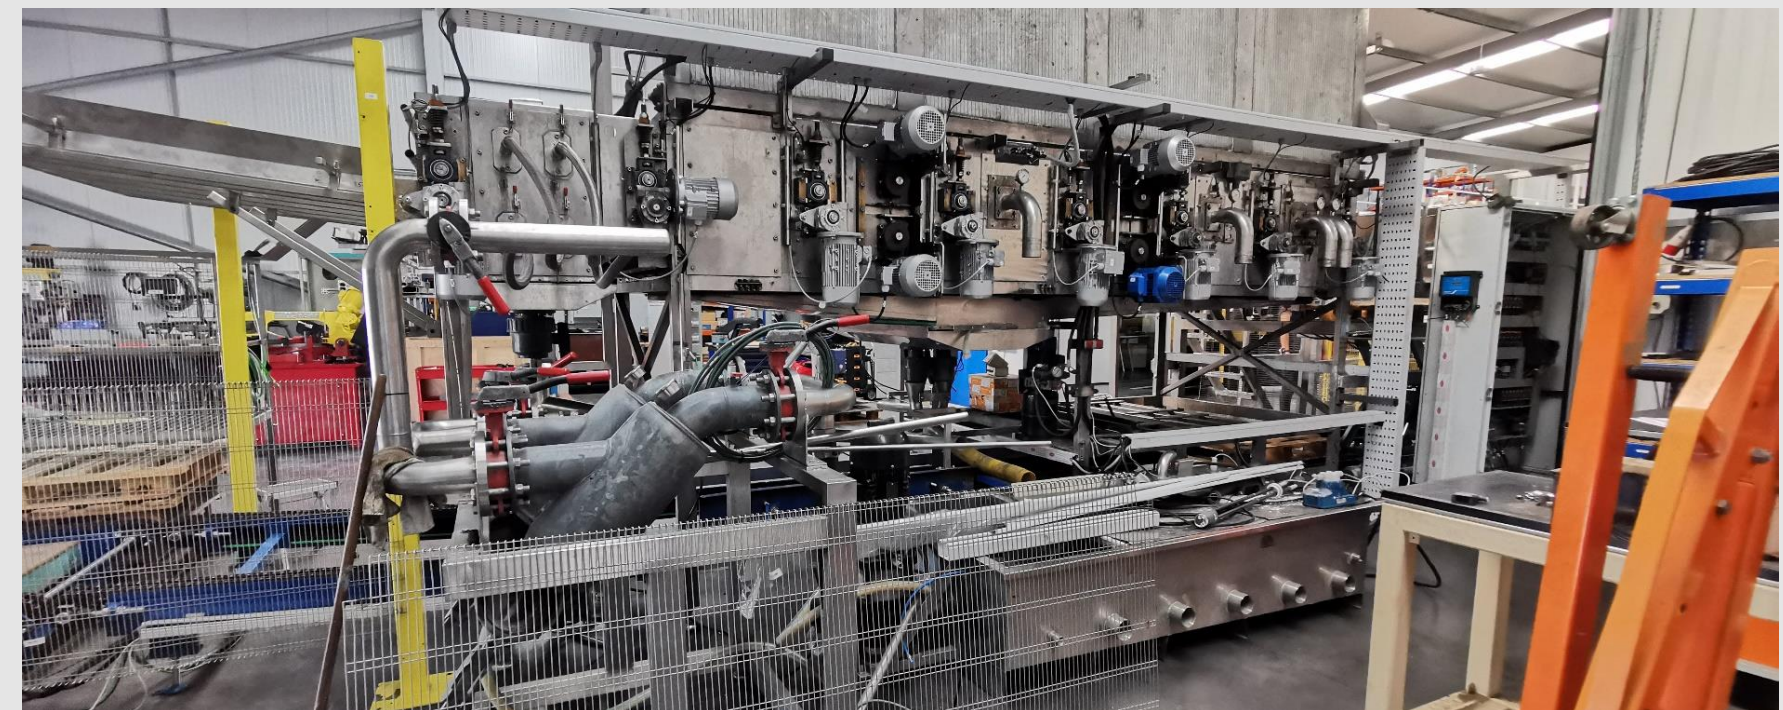

DEPOIS

ANTES

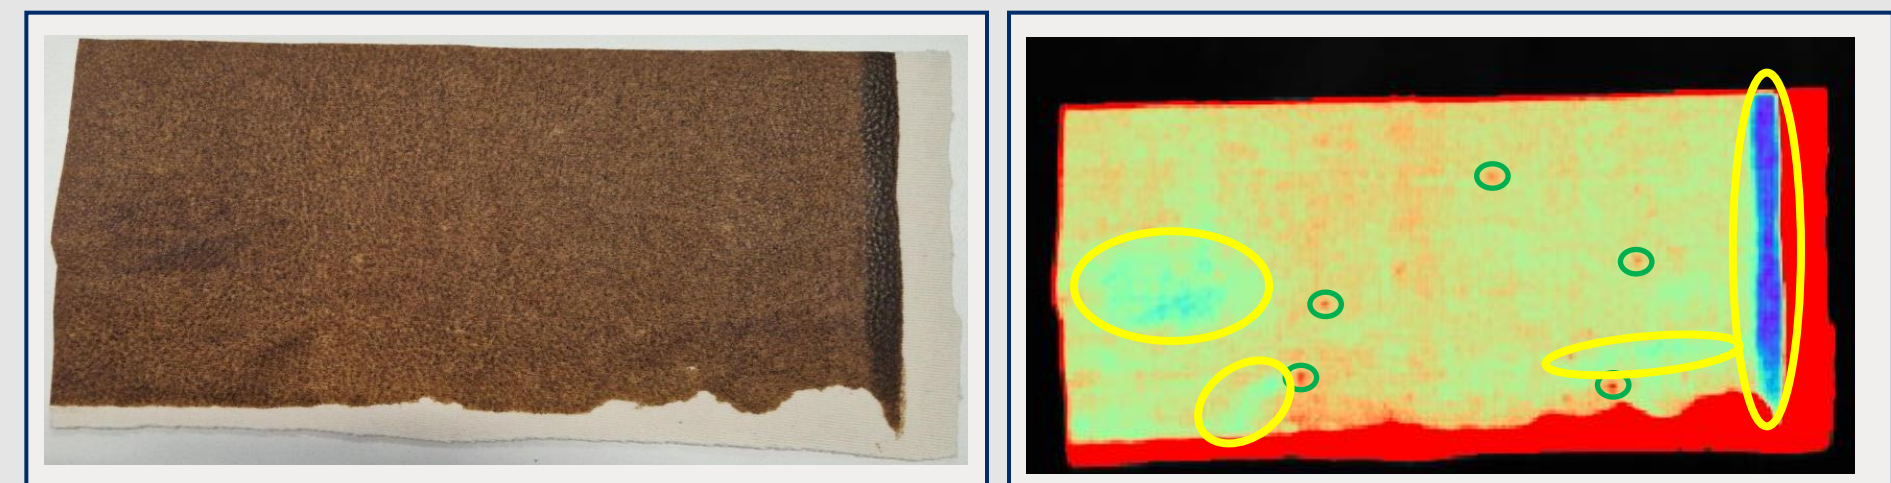

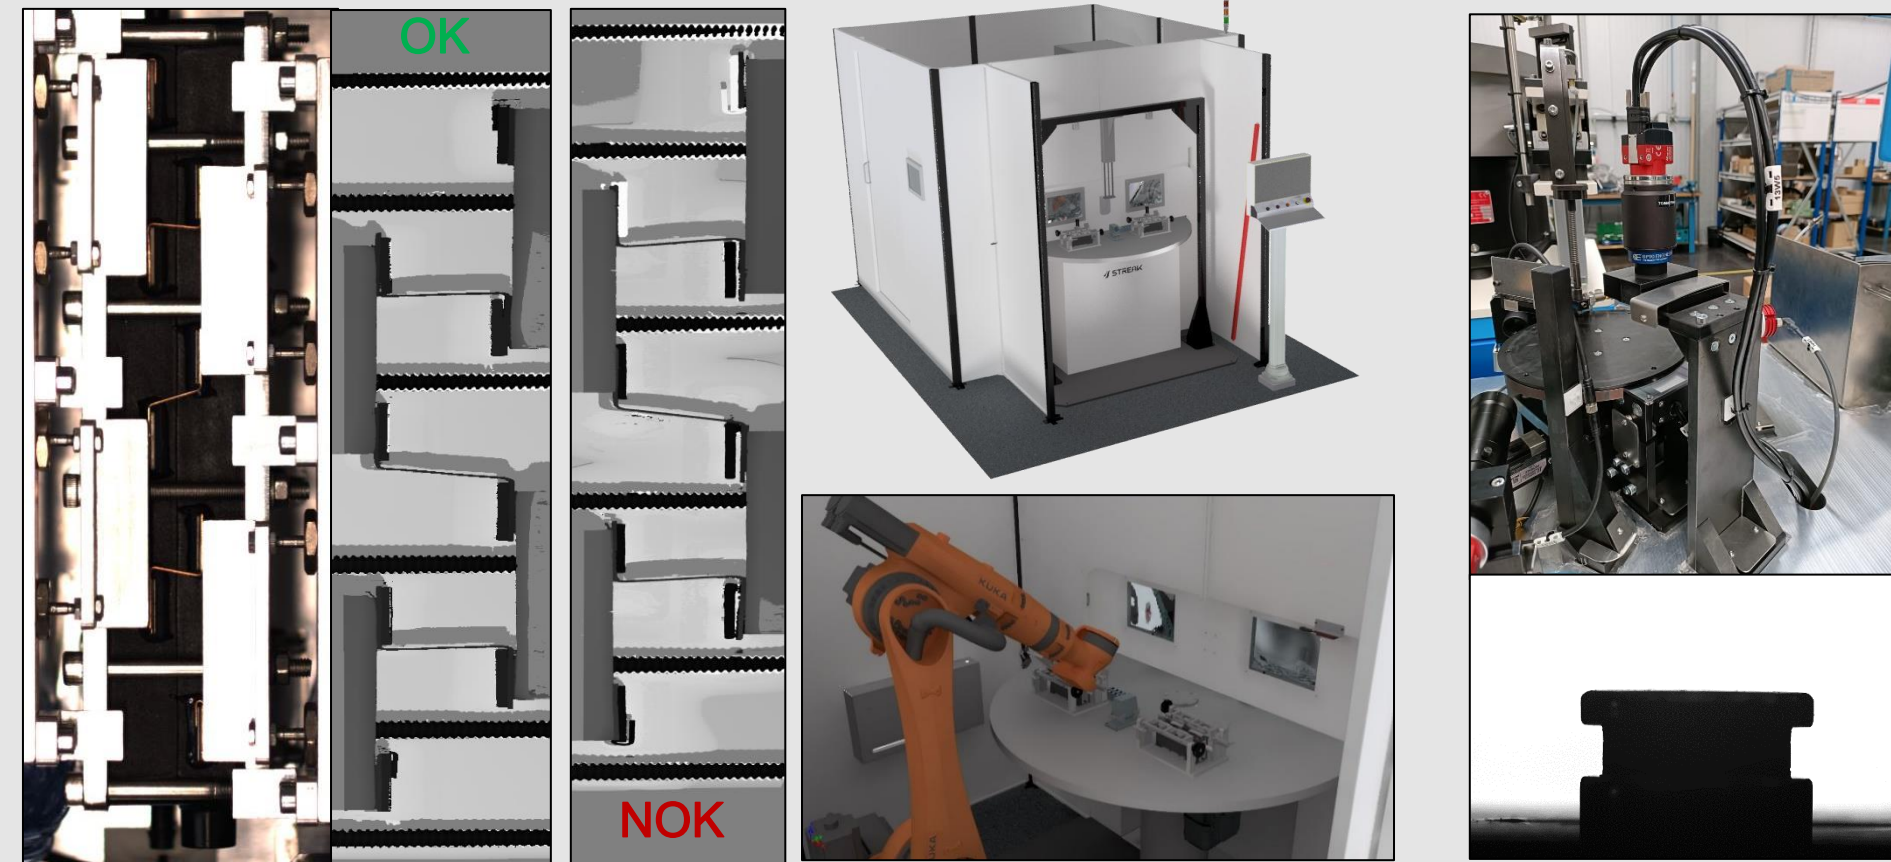

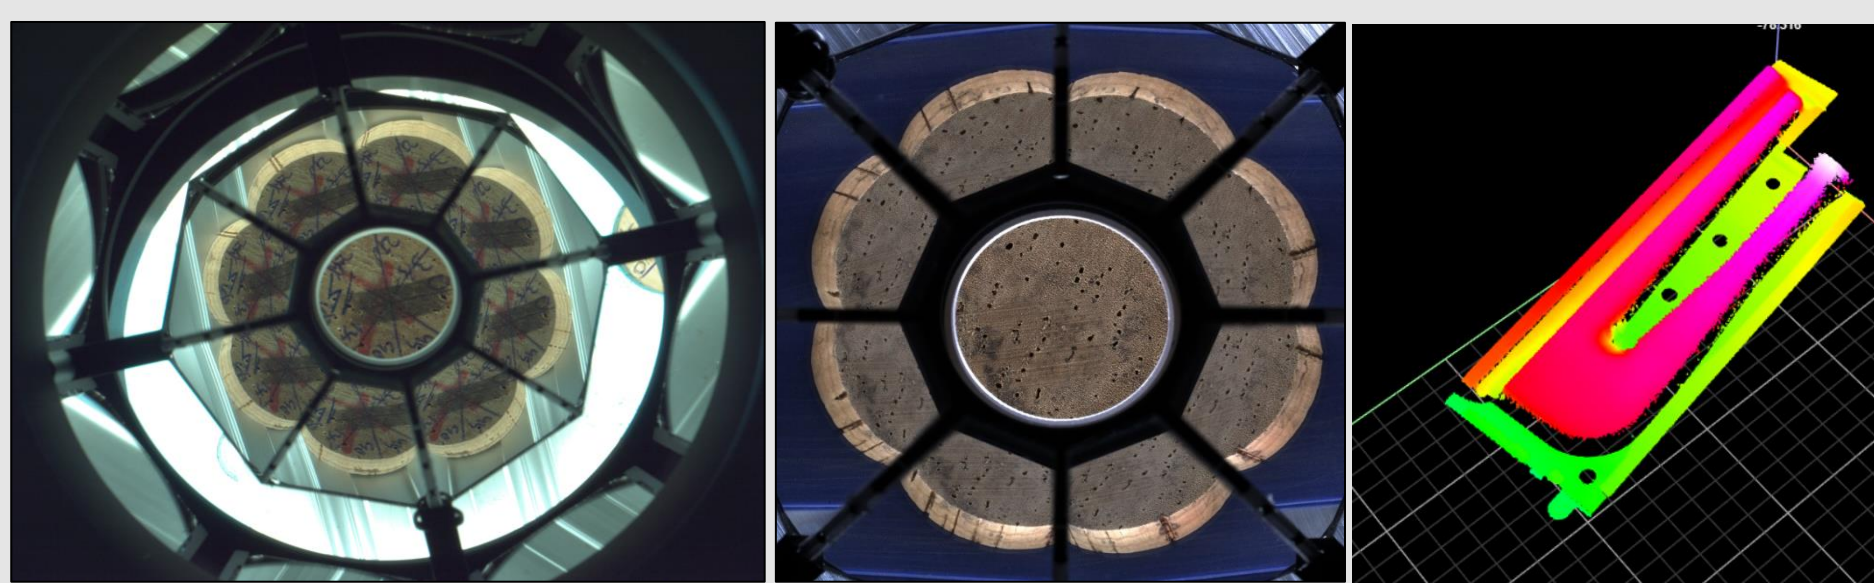

DEPOIS

# MACHINE VISION INSPECTION

- 2D/3D Machine vision systems
- OCR systems
- Hyperspectral imaging
- Vision-guided robotics
- Deep learning-based systems

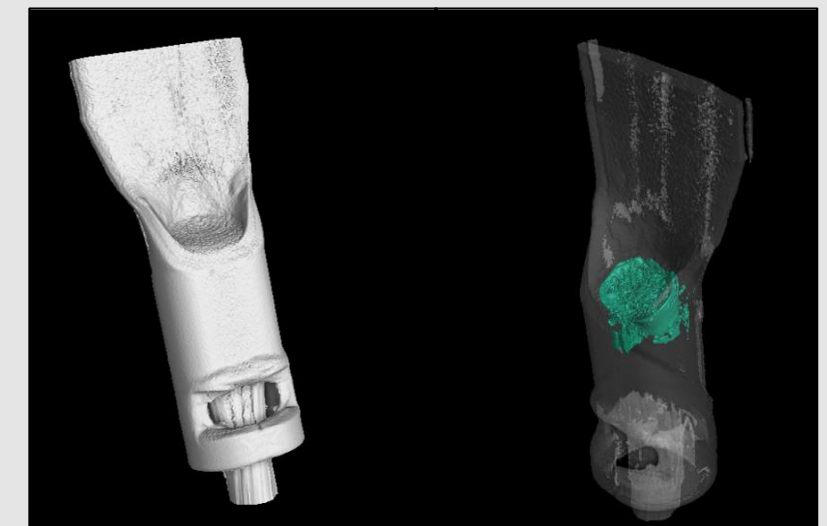

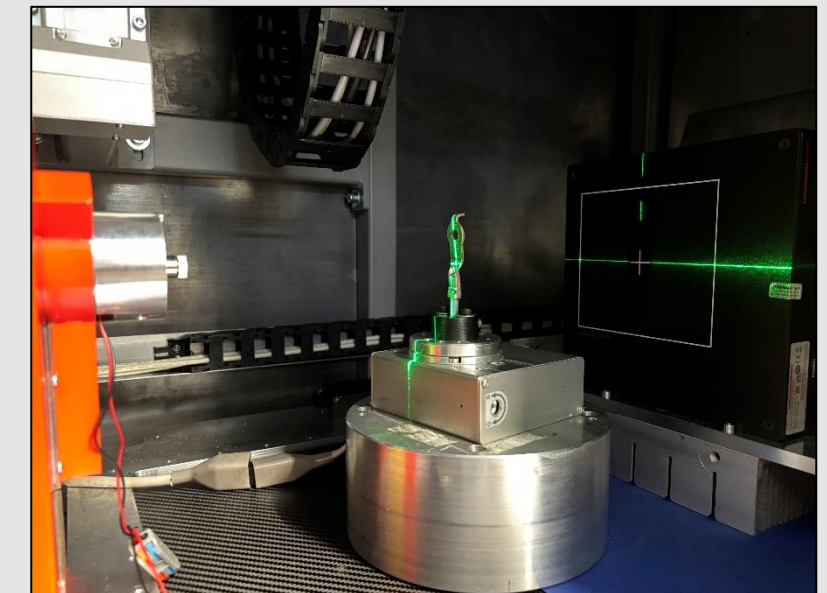

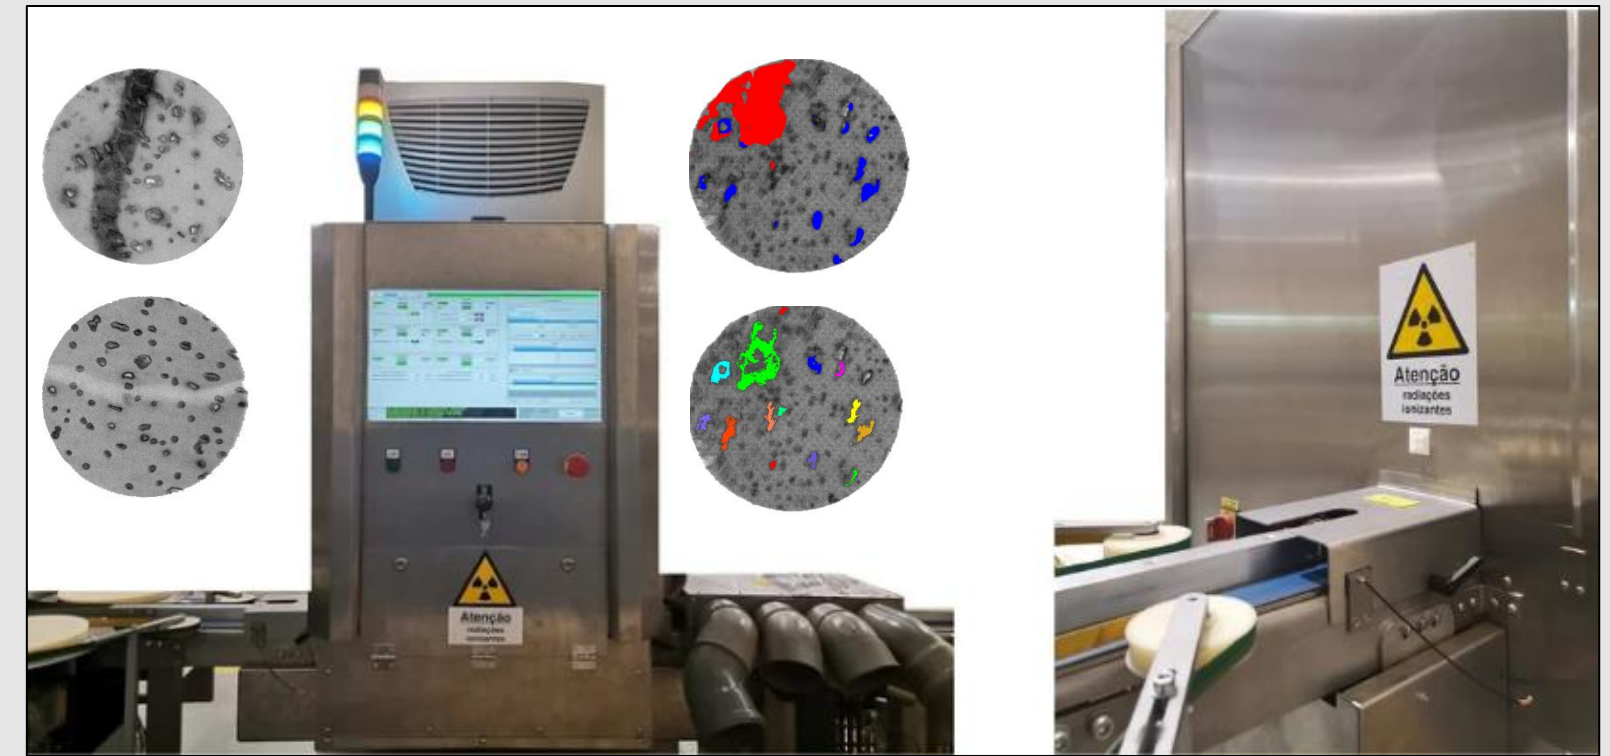

# X-RAY INSPECTION SYSTEMS

- 2D x-ray inspection systems
- 3D x-ray computed tomography
- Automated x-ray inspection systems

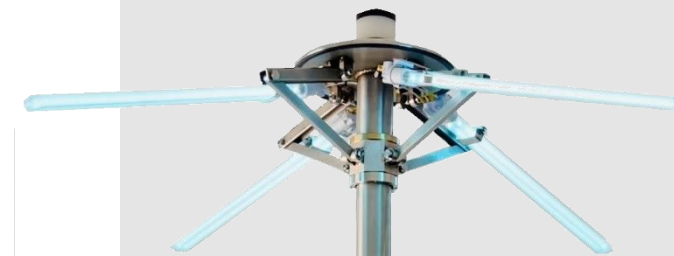

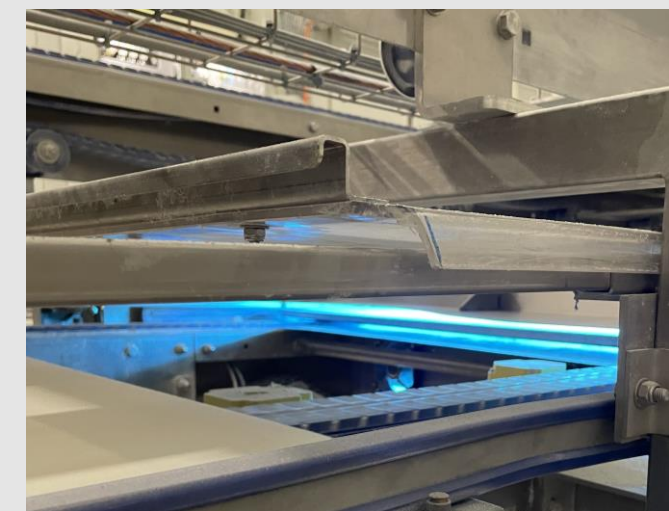

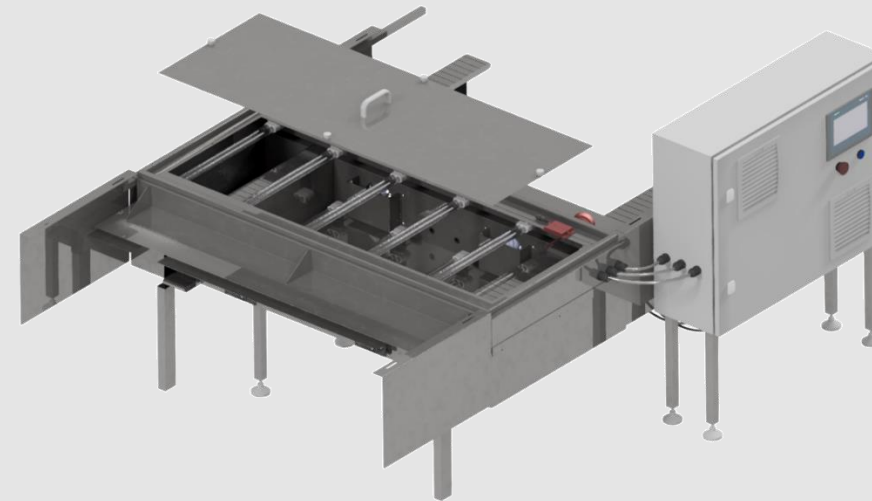

# ULTRAVIOLET SOLUTIONS

- Air and surface sterilization
- Safe for humans and animals
- Low maintenance and easy operation
- Individual and industrial applications
- Certified solutions

100% COMMITTED

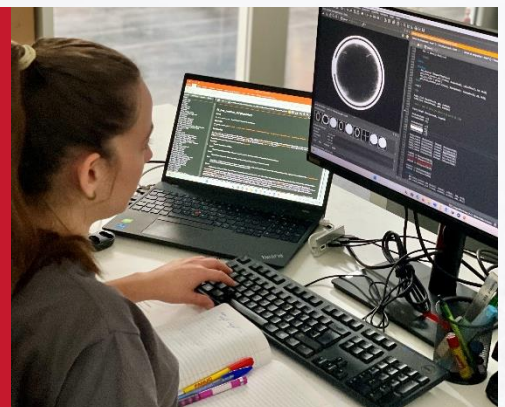

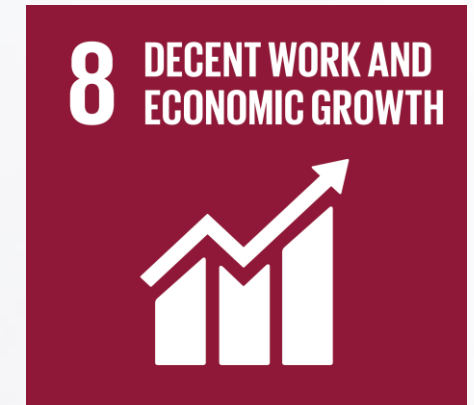

# SUSTAINABLE DEVELOPMENT GOALS
